SWiSH Tips & Tricks

Don't forget to always draw a **background** for your SWiSH movies. To draw a background, use the rectangle tool and drag it to the size of your movie. If no background is set, the movie will be transparent. As a precaution, AdQue will automatically default transparent movie backgrounds to white.

DECEMBER IMAGES...

This month's images use a single photo, giving this series a very clean look. Cropped sections of the photo rotate and a black and white version is used for the background.
