

# Que News

Your Monthly Information Source for Everything AdQue.

Hello!

Thank you to everyone who responded to our image survey! We really appreciate your feedback and will use your responses to direct what graphics we produce. If you missed out and would still like to answer the survey [click here](#).

This month we have new InfoQue backgrounds and templates to use in our Web-based Flash Editor. We have also been optimizing our website—read more below.

## WEBSITE OPTIMIZED & ENHANCED!

- **Speed Improvement**—Faster load times for users with large numbers of sites and heads
- **Prevent Uploading Duplicates**—receive a message so you can find the existing image
- **New Ways to Approve Assets**—Play on selected Heads, at selected Head Zones, or at selected Site Pools
- **Storyboard Exclusions**—exclude topics from a storyboard even if the images are set to always play
- **New Advanced Search Tab**—Search by filename or partial filename
- **Upload Your Own Templates**—jpg's or flv's; you can now upload your own backgrounds for the Web-based Flash Editor
- **New Manager's Message Categories**—Community Events, High School News, Local News; keep messages separated by topic and display on themed backgrounds (Also note new "White Board" Topic to group all Manager's Message Categories)

Comments or questions please call or email us at:

## SWiSH Tips & Tricks

Use the **Fill Transform Tool**  from the **Tools Menu** to edit a gradient. After you have created a shape and given it a gradient fill—with the shape selected—click on the Fill Transform Tool. Drag and resize the outlining box to change the look of your gradient. Also use the rotate option from the **Transform Menu** to change the direction of the gradient.

## June's Generic Images...

A bold stripe with texture and bright eye-catching colors distinguish this month's series. Find it in all three resolutions with templates to match in our Media Browser.
