Your Monthly Information Source for Everything AdQue.

Good Morning!

It has been a busy month. We would like to thank our users for all of their suggestions and comments. You have been instrumental in helping us add the social media interfaces to AdQue. Your input shapes our product and helps make AdQue not only the most powerful system, but also the easiest to use. We hope to give back to you by also being the leader in value. Work has been progressing on adque.mobi as well as our social networking interfaces—see updates below. We are also getting ready for the upcoming ICBA and CUNA Conferences. And as usual, we have your images for this month and a SWiSH tip.

www.adque.com

ICBA National Convention and TECHWORLD

March 17th – 18th
Orlando, FL

We will be in **Booth #340**. Please stop by to say hi. Also don't forget to look across the aisle for our Self Service Coin Interface in the Magner Booth.

CUNA Marketing & Business Development Council Conference

March 21st – 24th
Washington D.C.

Please stop by our table and say hi. We are sponsoring the Diamond Awards Kiosks for TV, Radio, and Electronic Marketing again this year.

Also, don't forget to ask about our "Fill the Branches" campaign with special show pricing. If you can't stop by, please call.

We look forward to seeing you!

SWiSH Tips:

A new update for SWiSH is available. To see if you are running the most current version go to Help | Check for Updates. **Build 2009.11.30** is the current version.

Monthly images are always created with the most current SWiSH. To insure you are always able to edit these images, make sure you download the latest updates.

March Images...

This month's images include a rectangular area set aside for use with widgets from our web editor, which will be available later this month. So you can add a clock, date, weather, or just your logo. Please call if you have any questions about how to use our web editor—a short demo can be scheduled.

AdQue Updates...

- Thank you for all of your Twitter and Flickr suggestions! They have been implemented.
- Work is beginning on a Facebook interface. Please let us know of any other social media you would like to display on your AdQue System.
- AdQue.mobi, our Smart Phone website, is progressing nicely. Please let us know which web items you would like to see functional first—for example Manager's Message.
- Our Smart Phone OnDemand App is almost complete and the final stages of testing have begun. We will be highlighting this new feature at the ICBA and CUNA Conferences.
- Widgets for AdQue's Web Editor are on their way, and are planned to release later this month. They will include Clocks, Date/Times, and Weather to start. What other items would you like to be able to drag onto our monthly images or your own assets?
